

# Positive and Negative Space Collage

For today's lesson, we will continue to focus on positive and negative space. The focal point will be both the positive and negative space.

For inspiration and directions, watch Kirsten Brunner's [video!](#) Follow her step by step instructions to make your collage.

# Materials:

Black construction paper or cardstock

Watercolors

Pencil

Glue stick

# Vocabulary:

Negative Space

Positive Space

Focal Point

Foreground

Background

# Questions:

Can you describe examples from your everyday life where you have observed positive and negative space?

Can you describe an example where both are the positive and negative space were the subject/focal point? Please explain.

What was the most difficult part of the project and how did you solve the problem(s)?

# When you finish

Take a picture of your collage and written answers. Email both to [sally.yick@k12.dc.gov](mailto:sally.yick@k12.dc.gov)

Have a fun and safe summer! See you in September. With your parent's permission, please email or give me your phone number and let me know if I can still call you in the summer to say "hi"
