

Fillmore Arts Center Distance Learning • Ms Valerie Montana

Self Portrait in Nature

1. Gather some natural materials and clear out a space outside (on the sidewalk, on the grass) or create it inside on a piece of paper.
2. Look at yourself in the mirror and study your features.
3. Use the natural materials to make a picture of you. You can do your whole body or just your face

Email a picture of your artwork to me at valerie.montana@k12.dc.gov
