

# Make a Melody

# Solfege: Sing and Sign

Let's review our solfege scale! Can you perform the hand signs as you sing along with Ms. Inger?

# Compose a melody using

**Try it!**

Print the worksheet and follow along with Ms. Inger in this [step-by-step video tutorial](#).

Level 1

### Make a Melody!

**STEP 1:** Use the planning grid below 

--	--	--	--	--	--	--	--

 to arrange the pitches mi sol la to compose a melody that you can sing.

**STEP 2:** Notate your melody by putting your notes on the staff in the same order as your planning grid.

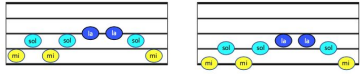

Example: 

mi	sol	sol	sol	sol	la	la	la	mi
----	-----	-----	-----	-----	----	----	----	----

or

mi	sol	sol	sol	sol	la	la	la	mi
----	-----	-----	-----	-----	----	----	----	----

*mi in the first space*                      *mi on the first line*

Your turn! How many ways can you arrange the notes to create your own melody?

mi      sol      la

**Step 1:** Draw a note in each box, then write the name of one pitch inside each note to create an 8-note melody.

Melody 1

--	--	--	--	--	--	--	--

**Step 2:** Notate your rhythm from the planning grid on the staff.

*Tip: Draw your note first to make sure you get it in the right spot, and then fill in the name of the pitch.*

# Share your melody!

Please send video, audio, or a scan of your completed composition to [leah.inger@k12.dc.gov](mailto:leah.inger@k12.dc.gov).
